Share your experience at the show 

Use hashtag #AgriShow for your chance to be featured across our social media!

## Welcome from the team

### Welcome to the inaugural AgriShow!

On behalf of the entire team, we are thrilled to invite and welcome you to the inaugural AgriShow, the region's new dedicated show for agriculture solutions. Join us at the Moss Vale Showground, Friday & Saturday, September 1 – 2, 2023, for two exciting days, as we cultivate knowledge and harvest new ideas together.

Whether you're a seasoned farmer or just starting out, this event has something for everyone. As someone who started from scratch in the district to establish a farm, our focus in creating this show was to provide an opportunity where solutions and answers could be found in one location. One place to see, touch, hear, ask and learn – leading us to reimagine the traditional field day event. One of the AgriShow highlights is our Demo Arenas, where you can witness tractors of all makes and sizes, along with equipment demonstrations that are interactive and informative. Ask questions, see things in action, and be a part of the live experience.

AgriTalks will be an integral part of the event, featuring experts covering a vast range of topics. Sit in on these informative sessions and gain valuable insights that you can take away.

If you're thinking about what stock is right for you, and you need advice on suitable stock breeds for your property, or want to explore emerging breeds in high demand, then our breeders' area showcases specialised breeds. Engage directly with the breeders and get your questions answered from the experts.

Technology has revolutionised our daily lives, and it will be showcased through various exhibitor displays. One particular feature to look forward to is the drone demonstration arena. Witness flying drones performing tasks such as spraying, mustering, and capturing aerial imagery, showcasing the remarkable capabilities of these devices in aiding your farming pursuits.

If you have ever considered cutting your own timber and creating natural individual wooden features, the milling demonstration has you covered.

Look back and get a sense of nostalgia with a display from the Berrima Old Machinery Club with working models covering tractors to pumps and a few surprises as well!

At the AgriShow, you'll have the opportunity to meet distributors and manufacturers directly and discover new products that can enhance your farm's productivity regardless of its size. By attending the event, you can take advantage of special offers and save money on products and services provided by our vendors. There's catering on site and even some local music to keep you entertained over the lunch period.

We look forward to welcoming you to the AgriShow and sharing the experience with you.

*The AGRI Team.*

# Where new seasons start

## Right time, ON trend

### Where business gets done!

It's time to connect LIVE... The Agrishow Farm Field Day is the perfect place to catch up with old and new suppliers (and friends) and see their latest ranges, discover new and exciting products, and plan to ensure delivery to meet your needs.

The show is filled with exhibitors committed to servicing your needs, who are invested in the AGRI sector. This is where business gets done conveniently whilst seeing demonstrations and sitting in on AgriTalks.

Here's just a snapshot of our **TOP 7 REASONS** why you should make the decision to visit and buy tickets now!

- 1 Product inspiration** – discover the latest trends, new suppliers with new products
- 2 Get insights** from experts in our AgriTalks and breeders area
- 3 Valuable connections** – a personal experience the internet can't provide. Connecting suppliers with farmers like you, providing the chance to network and socialise
- 4 Stay ahead** of the curve of change
- 5 Save time and money** – everything you need, in one location
- 6 Live demonstration arenas** bring products to life
- 7 Re-energise** and get excited about what you can achieve

## Eat, Drink, Beats

### Music

Enjoy live music over lunch on both days!

Southern Highlands singer songwriters Amber Kenny and Jo Caseley's story telling is at the heart of their music. The two weave their love story and song with heart and soul – from folk to alt-country. Friday 1 September 11:30am to 1:30pm.

Angus Murray, is an accomplished Australian singer, songwriter and musician from the Southern Highlands. Catch his highly anticipated set on **Saturday 2nd September 11:30am to 2pm.**

### Food Glorious Food!

Make your way over to the Catering Area which offers an amazing array of tantalising food and drinks, to keep everyone's appetite satisfied throughout the day.

### AgriShow Stubby Holder

Purchase an AgriShow exclusive stubby holder for only \$6. Make your way over to the Bar tent and enjoy a wine or beer whilst listening to the music.

# Catch the demo arenas and see equipment in action... watch farm machinery running and learn new methods!

# AgriTech...

At AgriShow we are showcasing the latest innovative technological developments being used in the agricultural industry.

See flying drones in action, courtesy of LyonAg Drone Solutions. The drones will be flying overhead and showcasing their capabilities throughout the day on our demo areas, providing an experience that will be both informative and spectacular.

With a passion for precision agriculture and cutting-edge technology, LyonAg Drone Solutions are the go-to agricultural drone service for the Hunter, Mid North Coast, New England and North West regions of NSW.

Providing a wide range of drone spraying, spreading, imaging and mapping solutions they can cater their services to suit your application.

Catch them on Demo Area 1 at 11.30am and 2.30pm on Friday and Saturday or alternatively visit their stand at B10.

## Berrima Old Farm Machinery Club

Take a nostalgic stroll through the Berrima Old Farm Machinery Club display as you remember the good old days while gazing at some of the finest retro pieces of kit. Located on stand D01, enjoy a blast from the past with numerous vintage tractors, machinery, and equipment all on display. Don't miss the opportunity to witness the ancestors of today's fine machines and appreciate where it all began.

## The Bees Knees!

Bowral Beekeeping is the leading beekeeping training and experience provider in the Southern Highlands of NSW. They run regular workshops and experiences at their Bowral apiary. Whether you want to get started in Flow Hive beekeeping or have a hive and need some help managing it they can help with all stages of your beekeeping journey. Alongside their more formal workshops they run Australia's most highly ranked "experience".

Hear about the fascinating life of these pollinators, taste honey and then suit up to get into the hives for some

memorable photos. Catch them on the AgriTalks stage where they will have a demonstration of the 'Flow Hive' and guest talks from owner – Hamish Ta-mé, on the process of setting up your first hive, education, pest and disease management, equipment needed, getting bees, and bio security restrictions and compliance. Visit them on stand E16.

## Mill your own timber

Visit the Lucas Mill stand at B02 and witness the art of craftsmanship as they will be demonstrating some of their most popular products, right on the show floor!

Lucas Mill offer a number of Portable Timber Sawmills with a variety of optional attachments available. Their main product features are the Circular Swing-Blade Mills, Slabbing Mills and attachments including surfacing, board shaping, slabbing and track options.

This year Lucas Mill are offering demonstrations, on demand at their AgriShow Stand, so be sure not to miss this spectacle of an event!

## Local Distilleries

Wondering where to get refreshments at the Agri Show? Look no further than our two craft distilleries. Sample a range of whiskeys, gins, vodkas, spirits and more, and enjoy while witnessing all the latest advancements in farming.

Visit Farmer's Wife Distillery at E06 and Tara Distillery at E15 and take home one of their iconic bottles of gin.
