Welcome to the second AgriShow!

On behalf of the entire team, we are thrilled to invite and welcome you to the AgriShow, the region's dedicated show for agricultural solutions.

Join us at the Moss Vale Showground, Friday & Saturday, August 30-31, 2024, for two exciting days, as we cultivate knowledge and harvest new ideas together. Whether you're a seasoned farmer or just starting out, this event will provide answers, innovations and opportunities for everyone in one location.

One of the AgriShow highlights is our Demo Arenas, one of which has the addition of a dirt pile this year where you can witness equipment demonstrations that are interactive and informative. Ask questions, see things in action, and be a part of the live experience.

AgriTalks will be an integral part of the event, featuring experts covering a vast range of topics. Sit in on these informative sessions and gain valuable insights that you can take away.

If you're thinking about what stock is right for you, need advice on suitable stock breeds for your property, or want to explore emerging breeds in high demand, then our breeders' area showcases specialised breeds.

Running in conjunction with AgriShow is the inaugural Agritourism Summit which is set to take place on August 29, 2024 in the Southern Highlands of NSW. The event is where tourism and farming connect in an insightful and practical day-long event for farmers. This unmissable event will offer a unique opportunity for aspiring and established agritourism entrepreneurs to gain valuable knowledge and network with industry leaders.

At the AgriShow, you'll have the opportunity to meet distributors and manufacturers directly, take advantage of show offers and discover new products that can enhance your farm's productivity regardless of its' size.

We look forward to welcoming you to the AgriShow.

The AGRI Team.

Australia's first Agritourism Summit is set to take place on August 29, 2024 at Peppers Manor House, Bowral, Southern Highlands of NSW. Where tourism and farming connect in an insightful and practical day-long event. This unmissable programme will offer a unique opportunity for aspiring and established agritourism entrepreneurs to gain valuable knowledge and network with industry leaders.

Event founder and farmer himself Gary Fitzroy says "I created the Agritourism Summit to help farmers understand how to connect their passion and knowledge with visitors, while also adding a new revenue stream to their farming operations. Whether it be a farm stay, farm tour or pick your own produce experience, agritourism allows visitors to get a taste of the people, produce and lifestyle of farming."

The Summit will feature expert speakers who will share their journeys on building and expanding an agritourism business. Attendees will learn from successful case studies, gain practical advice on how to start their own agritourism on-farm experience, and discover the latest trends shaping the future of the industry. They will leave equipped with actionable ideas to take their businesses to the next level.

THURSDAY, AUGUST 29, 2024

Peppers Manor House, Kater Road, Sutton Forest NSW 2577

The Summit will take place at Peppers Manor House, Bowral which offers an idyllic setting for this event, combining modern amenities with the charm of the Southern Highlands. With strictly limited seats available, early registration is highly recommended to secure a spot and benefit from early bird rates of **\$195 plus gst.**

ENERGY + INNOVATION ZONE

Powering Agriculture with Tomorrow's Solutions!

In a world that's constantly evolving, agriculture is no exception. At AgriShow, we're committed to staying at the forefront of agricultural innovation, and we're excited to unveil our brand-new feature: Energy + Innovation Zone. This feature is dedicated to showcasing the latest advancements in energy solutions, with a special focus on battery powered equipment, hybrid solutions and alternative emerging energy solutions.

Discover cutting-edge technologies and practices that will transform the way you farm, making your operations more efficient, sustainable, and cost-effective.

A look back in time!

Take a nostalgic stroll through the Berrima Old Farm Machinery Club display as you remember the good old days while gazing at some of the finest retro pieces of kit. Located at the Berrima Stand, enjoy a blast from the past with numerous vintage tractors, machinery, and equipment all on display. Don't miss the opportunity to witness the ancestors of today's fine machines and appreciate where it all began.

*For all your Agriculture and
Earthwork services.*

WE OFFER

PROPERTY, CATTLE AND PASTURE MANAGEMENT

A&R Contracting prides itself on its attention to detail in all finishes.

Our expertise and knowledge from the earth up assists us in all areas of your property.

TRACTOR / MACHINE OPERATION WITH AN EXTENSIVE RANGE OF IMPLEMENTS

Areas we cover :

- create, improve and maintain pastures
- build and maintain dams
- driveways and laneways
- overgrown vegetation
- reduce fire hazards

HAY / SILAGE AND CORN CONTRACTING

With our diverse range of tractors we aim to have the job done in the most ecological and cost friendly way possible.

By doing so with the use of AdBlue this will lower vehicle emissions and GPS assisted navigation which ensures time management and maximizes land use.
